## BONUS

Tôi đã từ bỏ một môi trường nhọt nhèo mà tôi đã gắn bó trong suốt 2 năm, 2 năm vô cùng dài ở ngôi trường đại học của mình. Tôi đã làm những thứ vô cùng kỳ lạ và thực sự kinh khủng, sống 2 năm để thử sức chịu đựng của mình . Tôi quyết định thôi học khi đã thấy mãn nguyện với những điều đó , rời khỏi nơi mà tôi cảm nhận được cái khuôn rập đang chuẩn bị đóng dấu lên mình hình dáng của sự ổn định nhọt nhèo .
